

QUALITY AND ENVIRONMENTAL PROTECTION POLICY

UAB TinCap produces metal closures for food packaging.

In pursuit of the highest quality of products manufactured for clients and the improvement of environmental protection efficiency, the Company has adopted and integrated a quality and environmental protection management system which complies with ISO9001, ISO14001, and BRCGS standards.

Our aims:

- To implement a vision of the Company that works and focuses on customer needs effectively;
- To efficiently organise works and to use modern technologies in all chains of operational process;
- To continuously improve the production process.

We hereby proclaim the following commitments to our client and partner representatives:

- To ensure that we produce quality metal closures for food packaging;
- To adhere to all contractual obligations;
- To choose partners responsibly and collaborate only with those whose products meet our requirements;
- To value and follow the legal requirements that apply to the Company's activities;
- To create adequate working conditions for employees and opportunities for improvement, as well as to build a favourable work environment;
- To reduce effects of our operations on the environment.

We comply with ISO9001, ISO14001, and BRCGS management systems and standards. We review our compliance with the requirements during internal and independent external audits. The respective results are and will be effectively used in the management evaluation analysis and during strategic decision-making regarding the Company's activities and its subsequent development.
